Profile

I am comfortable working individually with minimal supervision, or in a team environment. In a production setting, I have prepress experience with direct to plate, film to plate, and digital file preparation expertise. In a customer service situation, I have worked directly with clients to solve a variety of design challenges and production output problems, including file preparation for print output, and assistance with graphic design enhancements. I have developed multiple direct mail and promotional materials for employers.

Experience

Photocraft — 8-2014 to Present

Use knowledge of Macintosh computers and Adobe software to set-up files for variety of digital presses. Use Illustrator to create complex lines for contour cutting on Zund cutting equipment. Use Photoshop in order to do basic color correction. Work with Metrix imposition software. Worked in a fast paced environment with a high level of efficiency.

Gango Editions — 11-2013 to 7-2014

I ran a Konica Minolta 7000 digital press, an Epson 11880 wide format printer, and an Epson GS 6000 printer. I was responsible for updating the company website, and social media accounts. I was responsible for ordering all supplies for the department, including paper, canvas, Ink, etc. I also worked directly with clients as needed in a customer service role.

Advantage Business Products — 5-2012 to 11-2013

I operated a Konica Minolta c8000 digital press, a Konica Minolta 920 and 950 digital press, a KIP wide format plotter, and an Epson 9900 and 9700 wide format plotter in a Windows environment. I performed color correction on all machines with Adobe software.

Newsweb Corporation — 12-2008 to 4-2012

Used knowledge of Macintosh computers and Adobe software to set-up files for press in a Nexus workflow. Used Preps imposition software. Used Pitstop to trouble shoot and fix customer files. Worked in a fast paced environment with a high level of efficiency.

The Ink Spot Printing — 10-2006 to 9-2008

Made customer files press ready in both a Mac and Windows environments. Designed materials for clients. Estimated, and priced jobs, and ordered materials. Burned and proofed plates.

Education

ITT Technical Institute
Bachelor of Applied Science
Computer Visualization Technology
11-2000 GPA 3.9

Skills

InDesign • Photoshop • Illustrator • Acrobat • Preps • Pitstop • Metrix imposition software • Solid knowledge of CTP and film output systems • Creo and Fiery work flows • Excellent Macintosh Skills • Proficient using Windows • Proficient in Microsoft Office
